Report Says That Japs Blocked Harbor

BUT RUSSIAN ADMIRAL SAYS ATTEMPT WAS REPELLED

Three Traitor Students Hanged by Czar's Soldiers.

FOR VIOLATING SOLEMN PAROLE

The Japanese Are Now Said to Be in Possession of Niuch Wangan Important Point.

London, May 4.—(Bulletin)—The Central News has a wire from its Rome correspondent stating that a telegram received there from Tokio asserts that the latest Japanese attempts to block the channel to Port Arthur harbor was successful. Two vessels, the telegram says, now lie in the harbor entrance.

St. Petersburg, May 4.—High Admiral Grand Duke Alexis has received official telegram from Viceroy Alexieff reporting the Japanese attempt to block Port Arthur early yesterday morning.

"I respectfully report to your highness that a fresh attack was made by the enemy Monday night with the object of obstructing the entrance to the port and that it was successfully repelled.

"At 1 o'clock Tuesday morning five torpedo boats were perceived. Under the fire of our warships and the batteries they retreated.

"At 1:45 o'clock the first fire ship, was sighted and we opened fire upon it from the batteries and the warships. Three-quarters of an hour afterwards our searchlights revealed a number of fire ships making for the entrance of the harbor from the east and southwest. The coast defense vessels repulsed them by a well directed fire.

"Altogether eight ships were sunk. "After 4 o'clock a. m., the batteries and warships ceased fire."

"All the fire ships carried quick firing guns with which they maintained a constant fire.

"Up to the present, thirty men, including two mortally wounded officers, who took refuge on a launch, were picked up. We suffered no casualties with the exception of a seaman.

"On the appearance of the first fire ship, I boarded a launch and proceeded to the Otavashni to take immediate measures for repulsing the fire ships."

IMPORTANT POSITION CAPTURED

London, May 4.—The most sensational news of the morning with regard to the far Eastern campaign is the special dispatch to the Daily Chronicle from Chifu stating that the Japanese landed troops at Yin Kow on Sunday and attacked and captured Newchwang on Monday evening. The Russians, it was added, were falling back to protect the railway.

RUSSIANS TERRIFIC RESISTANCE

Port Arthur, May 4.—An idea of the terrific resistance offered by the Russians in defending the channel from the threatened blockade by the Japanese on Monday, can be gained from the fact that in all 3,500 shots were fired by the Russian batteries and guardships on the attacking fireships.

RUSSIANS STOP MAIL STEAMER.

London, May 4.—A dispatch to the Reuter Telegram Company, from Port Said, reports that the peninsular and Oriental liner Oris, has been stopped by a Russian warship, and her mail gone over by the Russians, who wished to obtain any mail for Japan. The Japanese mail was demanded, but was not touched by the Russians as it was at the bottom of the pile.

The vessel was nine hours out from

Brindisi, when the Russian warship Krabi forced her to come about by firing a blank shot across her bow. The Oris was detained for two hours and then permitted to proceed on her trip.

THREE STUDENTS HANGED.

Berlin, May 4.—A dispatch from St. Petersburg states that three students, who were sent to Siberia in 1901, and who, on their own request were granted permission by the Czar to go to the front, had turned traitor to their partial parole. After being returned from exile they tried to induce the Polish soldiers to betray their cause by throwing down their arms when they should meet the Japanese. The treacherous acts of the students were discovered and all three have been hanged.

JAP VICTORY

Is Meritorious and Its Results Will Be Far-reaching, According to Military Expert

London, May 4.—The Times military correspondent says:

"If the defeat of the Yalu was thoroughly deserved by the Russians, the victory of the Japanese was none the less highly meritorious. After the appalling incompetence some modern campaigns have introduced to our notice it is a pleasure to a soldier, whatever it may be to a humanitarian, to see the sword once more wielded by a master of fence.

"The Japanese seem to have sacrificed something to national vanity in the conduct of this battle. There was no apparent reason why they should not have landed other divisions to make an absolute certainty of victory, yet, sure of themselves and apparently determined to pose as the equals of the best, they assailed the enemy with no great preponderance of force except in artillery.

"They decided that the fame of their army should be allowed to rest upon the laurels of a not unequal fight, for all the world to see and ponder.

"Although the defeat of a faction of the Czar's huge army is not necessarily decisive, the consequence of this battle promises to be far-reaching. Rivals and subject races alike have waited for Russia to make good her boasts and affirm the predominance to which she both aspires and pretends. She has given battle on ground of her own choosing, and has been badly beaten by a despised and Oriental army.

"The echoes of the battle will reverberate afar and distant is the day when the story will weary in the telling among the faces of the unforgiving east.

"If we ask ourselves what possible reason the Russians could have had to expose a large detachment of their army of the concentrated weight of the enemy's amphibious power the only excuse is fear of the effect of withdrawal upon the inhabitants of Manchuria. Let the Russian victims now establish in the midst of the seething mass of 2,000,000 Chinese at Mukden say whether the result of the battle and whether the result of the battle has reassured their anxious minds.

"As to the immediate tactical consequences of this victory it is soon to speak. The army, says General Kuraki, fled toward Feng Wang Cheng, and the question remains whether he will find peace and rest when he gets there. If a landing has taken place successfully at Taku Shan, and the force landed is able to advance with something more than ordinary speed, the routed army may find fresh enemies on its flank.

"For the brave Russian army it would be almost an insult to express pity, since we can feel positive that its sole thought at this moment is how to wipe out the stain upon the Russian arms. It is not the Russian army, but the Russian diplomacy, that now stands naked and let us hope, ashamed. It is the diplomats war and as they have sown so the nation reaps.

"If the world agreed to place the whole body of professional diplomats in front of the battle in time of war and further to hang one member after every defeat beginning from the top we should happily achieve the millennium no later than tomorrow."

3000 METHODISTS WERE STRANDED

In the Grand Canyon of Colorado.

And For Hours Were Forced to Remain Without Food or Water on Account of Wreck.

Los Angeles, Cal., May 4.—Over 3,000 Methodists to the general conference of the church were stranded in the Grand Canyon of Colorado, without food and water from 3 o'clock Sunday until late Monday. More than 800 were forced to remain until the next morning.

Dr. S. W. Thomas, editor of the Philadelphia Methodist, says that Sunday afternoon seven sections of the delegate specials landed in the canyon. When the trains began the ascent from William Junction, the strain was too severe. Several of the engines went dead and the roadbed gave way, causing a general wreck.

Away from food and water, the delegation, 3,000 strong, poured upon the Canon hotel. The manager had expected about 800. He made provision for 1000 and the consequence was everyone suffered, both for food and drink.

"All Sunday afternoon and night and Monday trainmen, hotel hands, ranchers and Methodists helped to construct a new railroad," said Dr. Thomas. It was literally a Methodist rail. On its completion depended the lives of the 3,000.

"The section of the railroad was built around the wreck and the first load of wornout Methodists pulled out for Los Angeles about 4 o'clock.

Pope Blesses Ohio Couple.

Hamilton, O., May 4.—Mr. and Mrs. George C. Bramlage, who celebrated their silver wedding at noon Tuesday, received the official blessing of Pope Pius X, bearing the signature of the Pope.

It is a magnificent document, containing among other things the Pope's portrait, and the Bramlages prize it highly. The honor is unusual.

Mr. Bramlage is secretary of a large factory and a member of the city council. He and his wife are active Catholic workers.

GOVERNOR

MADE LAWS BY SIGNING FOUR- TEEN MEASURES

Among Them Being the Now Famous Assumed Risk Bill—Nineteen Not Yet Acted Upon

Columbus, O., May 4.—Governor Herrick affixed his signature to 14 bills Tuesday, and with his approval they become laws. The most important of the measures was famous 122, the Williams "assumed risk" bill, which did mysterious acrobatic stunts before it was finally corralled in the Governor's office. The Moore bill, creating a state depository, which was also lost for a while, was signed by the Governor. Other bills that are now laws are the Rueger road bill, the Oskamp bill, authorizing the construction of a trunk sewer by Hamilton County Commissioners, the Hays bill, increasing salaries of teachers in the State School for Blind, and the Overturf measure, regulating railroad crossings outside of municipalities.

The bill increasing salaries of Circuit Judges became a law without the formal approval of the Governor for the reason that he was en route home from St. Louis when the ten-day veto limit expired. The Governor explained that he was under the impression that the ten-day limit expired Tuesday.

There are 19 bills which have not been acted upon, and among them are the general appropriation measures, the Bruce bill to tax metropolitan railways the same as steam roads; the Heinlin bill, appropriating \$37,000 for a state tuberculosis hospital; the Chapman bill permitting consolidation of connecting, but not competing electric railways; the Austin Juvenile court bill and the Harris bill, appropriating \$200,000 for the improvement of the Ohio and Erie canal.

WHERE

Is Sum Subscribed for Statue of Lincoln

PAPERS RECENTLY FOUND IN U. S. TREASURY

Indicate That Such a Fund Was Raised.

BUT IT HAS DISAPPEARED.

Most of the Commission are Dead Who Were Named to Construct the Work.

Washington, May 4.—Records unearthed in the office of the treasurer of the United States show that a fund of \$100,000 was raised about forty years ago to erect a monument to Lincoln. The money was raised by popular subscription, the design for the monument was accepted and then the project mysteriously dropped out of sight. What became of the \$100,000 is not known. Most of the officers of the association formed to carry on the work have long since died, and those now living profess to have forgotten the very existence of the scheme. A package of blank "certificates" of the National Lincoln Monument association which were receipts for one dollar contributions, and a copy of the monthly journal of the organization are about all the documentation remains of the project that can now be found.

General Spinner, who was at that time treasurer of the monument association and among the men to whom the work was intrusted by the congressional act were Alexander P. Randall, James Harlan, Alexander Ramsey, Nathaniel P. Banks, Jacob Benton, Shelby M. Cullom, John T. Benjamin, Horace Maynard and Rufus Mallory.

The monument as planned was to have been erected in front of the capitol and was to have been of granite, seventy feet in height, triangular in shape, and surmounted by a heroic figure of the martyred president. Grouped about the base were to have been allegorical scenes dealing with slavery and the war, the bronze figure of which were to have been cast from captured cannon, given by the war department.

GOLD TO BE MINED IN UNION COUNTY

Marysville, O., May 4.—A company of capitalists is being formed in Allen township, six miles west of this city, for the purpose of developing the recent gold discoveries on the Lucas farm, near Pottersburg. Considerable stock has been sold among Mr. Lucas' neighbors, and Harlow H. Spain of Columbus is also selling shares in the Capital City.

A quantity of gold-bearing sand from Mr. Lucas' farm has been sent to Professor Lord of the Ohio State university for analysis, and future development of Union county's gold field will depend altogether on the report that is made by him.

CARNEGIE NAMED

By Mitchell in Connection With Civic Federation Presidency to Succeed Senator Hanna.

Indianapolis, Ind., May 4.—President Mitchell, of the United Mine Workers, left Tuesday night for New York, where he will attend a meeting of the Executive Committee of the Civic Federation.

President Mitchell said that the meeting was called for the purpose of electing a president to succeed the late Senator Hanna. When questioned as to his preference he said emphatically: "A number of very able men, including Andrew Carnegie, are mentioned as probable successors to the late Senator."

CRESCUS' RECORD IS NOT ALLOWED

American Trotting Association Charges Fraud.

And Directs That an Action be Instituted Against Wichita Fair Association.

Chicago, Ill., May 4.—The board of appeals of the American Trotting Association at a meeting here Tuesday, refused to recognize the record of 1:59 3-4, claimed to have been made by Crescus on the grounds of the Wichita Fair association, at Wichita, Kas., last fall. The finding of the association follows:

"From the evidence submitted by the Southern Kansas Fair Association, Wichita, Kas., and George H. Ketcham of Toledo, Ohio, we find that the performance of Crescus on the grounds of the Wichita Fair Association, on the 19th of October, 1903 was not in accordance with the rules of the American Trotting Association governing performances against time, and that the time of 1:59 3-4 then and there claimed to have been made by said horse is neither a record nor a bar under said rules.

"It is therefore ordered and determined that the application to establish such record be and the same is hereby denied.

"The evidence shows irregularity and indicates that gross fraud was attempted against the entire public.

"It is therefore further ordered that the secretary be and he is hereby directed to institute an action against the said Wichita Fair Association, and all parties participating in the said performances, that they show cause before this board at its next regular meeting in December, 1904, why said Wichita Fair Association should not be penalized."

SUPERINTENDENT KILLED.

Cleveland, O., May 4.—While attempting to explain the working of an electric crane to a new employee Geo. J. Hall, superintendent of the Sessmer avenue mill of the American Steel and Wire Company was caught by the machinery Tuesday and instantly killed. Hall was a brother-in-law of Edwin A. Batt, a well-known local politician.

DR. ELIOT

HARVARD'S VENERABLE PRESIDENT CONDEMNS METHODS

Employed by Trades Unions in Their Conflict With Capital, Especially the Boycott.

New York, May 4.—Methods of modern trades unions were strongly condemned by Dr. Charles W. Eliot, President of Harvard University, in an address delivered before the Social Science Committee, a Harvard students' organization, at Cambridge last night. In the audience were several prominent labor leaders.

"The actual industrial organization of the United States," said President Eliot, "is in large measure a dual organization for combat. Within the last two years this industrial combat has become more intense, though less violent, through the firm organization of many associations of employers, and now, unlike ordinary warfare threatens to be incessant, the combatants agreeing to truces, but never making peace.

"This condition of combat ought to prove transitional and temporary, for real public happiness cannot possibly grow out of it.

"Solid associations of employers, which, for purposes of combat must remain as units under the direction of one man, or of a small group of men, abridge liberty—the liberty of each individual employer to utilize his own special advantages in competing with other men who are on the same business.

"The exclusion of nonunion labor from employment is not only an attack on liberty and an effort to abolish competition and secure monopoly, but it is supported on a carefully cultivated sentiment of contempt and dislike for men whose only offense is

that they have an independent habit of thought.

"The habitual effort of trade unions to create a monopoly in labor, each in its own trade, is a hostile effort against the community as a whole, for they seek by this means their own pecuniary benefit at the expense of the rest of the community.

"The boycott is a method of combat which is eminently a method of ill-will. It is a gross interference with a just industrial liberty.

"As they have grown powerful the unions have themselves become exclusive and oppressive, and their former altruistic spirit has been corrupted by class selfishness. The plain fact is that the proscription of nonunion men, the strike in sympathy or in support and the boycott are weapons which angels and saints could not use without being demoralized."

SAM PARKS

The Notorious Walking Delegate Died Wednesday Morning in Sing Sing of Consumption.

Ossining, N. Y., May 4.—Sam Parks, walking delegate of Housemiths' Union of New York City, who was convicted of extortion in connection with building strikers in New York, died at 7:15 this morning. Parks, who had been sentenced to Sing Sing prison to serve a term of one year and six months, failed almost immediately. Consumption killed him. His arrest and conviction followed a series of building strikes in this city. It was charged that Parks, for money considerations, called off strikes. He claimed that this money went to his union but this was denied.

Condemned Brothers Fight.

Columbus, May 4.—Al and Ben Wade, confined in the penitentiary annex under sentence of death, engaged in a fight at dinner Tuesday, and as a result Ben is in solitary confinement nursing a black eye. The trouble arose over Al chafing his brother. Ben became irritated and struck Al with his fist. The latter retaliated with a coffee bowl.

It has long been an open secret that bad blood existed between the two brothers. Ben insists that Al's talk has had the effect of putting both them in the annex under sentence of death for the murder of Kate Sullivan in Lucas county.

ATTENDANCE AT WORLD'S FAIR OPENING

St. Louis, May 1.—The total attendance at the Louisiana Purchase exposition on the opening day, April 30, was officially announced Tuesday as 187,792 persons. Of this number 178,423 were recorded admissions.

This includes a large number of invited guests, who were admitted to the grounds in vehicles without being recorded at the gates, by special order of the president so that there would be no interference of any kind that would likely result in confusion on the opening day. The total number of admissions on the opening day of the Columbian exposition at Chicago was 137,557.

Forgers Sentenced.

Lancaster, May 4.—George Brown and Elmer McAfee, both of Amadala, Fairfield county, who were indicted for forgery by the last grand jury, pleaded guilty Tuesday and were sentenced. Brown, who is a colored man, was given three years in the penitentiary, and McAfee was sentenced to the Mansfield reformatory.

COLORED METHODIST'S CONFERENCE.

St. Louis, May 4.—The twenty-first quadrennial session of the general conference of the African M. E. church, convened at 11 o'clock this morning at the Washington Metropolitan chapel. Five hundred delegates, from all sections of the continent and several from Africa and the islands are to participate, including nine bishops and 12 foreign missionaries. The conference will be in session 21 days. Bishop J. W. Hood of New York, the oldest Negro bishop in America, will preside at the session, and Bishop T. H. Lennox, will deliver the quadrennial sermon.

Does the Most Important Conference

IN THE HISTORY OF THE METHODIST CHURCH

Thousands are Flocking to Los Angeles to Attend.

DANCING AND CARD PLAYING

Will Again Be a Bone of Contention Between Liberal Element and So-called Orthodox.

Los Angeles, Cal., May 4.—The most important conference in the history of the Methodist Episcopal church, began here this morning in Hazard's pavilion. Bishop Merrill, the venerable senior bishop opened the first session with devotional services. Seven hundred and eighty-four members, representing three million members of the church are enrolled. Delegates who have not arrived sent credentials ahead of them, and a full conference is assured until the important questions before the church are disposed of. Four bishoprics are vacant. Bishop Merrill is expected to ask for his retirement. The superannuation of another bishop is predicted. These two additional vacancies will make a total of six bishoprics to be filled. The candidates having the strongest support are the Reverends Thomas Neely, J. W. Bashford, William McJowell of New York City, H. A. Buchtel, Denver; R. J. Cooke, Athens, Tenn.; J. W. Bowen, colored, Atlanta, Ga.; George Bovard, Los Angeles; Henry Spielmeier, Newark, N. J.; Jos. Berry, Chicago; Homer Stuntz, presiding elder Philippine district and J. E. Robinson, presiding elder Calcutta district.

Legislation will be had in the proposed consolidation of the benevolent societies, the unification of the missionary societies and the formation of one society out of the several educational and aid societies. An effort is being made to amalgamate the different societies into three associations. Failure is predicted because of the large vested interests of the several societies. A consolidation would require a re-division of real estate and this it is thought would cause dissension.

Reports of the publishing agents of the church will show that while the physical assets are worth at least \$3,000,000 the properties of the church including its periodicals and papers are valued at fully \$10,000,000. Editors and publishers whose salaries range from \$750 to \$5,000, will be elected. A consolidation of the publishing houses is proposed.

Advisability of increasing the salaries of bishops from \$5,000 and traveling expenses to \$6,000, will be discussed.

Two days will be occupied with organization after which will be heard reports of committees and memorials from conferences. Ten or fifteen days are to be devoted to consideration of the reports.

The announced intention of several influential members to attempt to repeal "paragraph 218" of the church code, has roused the orthodox delegates and a clash is expected. The paragraph refers to dancing, attending theaters, dresses and horse races; renting property for saloon purposes and playing games of chance as "imprudent and unchristian and grave enough to justify expulsion on a third offense." The repeal is sought by members who had relatives and friends in the Iroquois Theatre disaster at Chicago.

KILLED BY FAMILY HORSE.

Delaware, O., May 4.—John L. Main was kicked by the old family horse Tuesday, and died soon after. He neglected to speak to the animal when he went into the stable. The horse had its head in the manger.

AN ORDINANCE

Licensing Vendors, Hawkers, Peddlers or Itinerant Retailers of goods, wares, merchandise, food stuff, meats, provisions, medicines or druggist sundries.

Be it ordained by the Council of the City of Newark, State of Ohio:

Sec. 1. That no vendor, hawker, peddler or itinerant retailer of goods, wares, merchandise, food stuff, meats, provisions, medicines or druggist sundries, shall sell, barter or offer for sale any such article within the city without having first obtained a license from the Mayor so to do, which license shall specify the period of time for which said license shall run and the rates paid.

Sec. 2. The Mayor is hereby authorized and directed to grant licenses for the said purposes, and at the rates named in the schedule named below:

First—Vendors, hawkers or peddlers of food stuff, meats or provisions shall pay an annual license in the sum of (\$25) Twenty-five Dollars.

Second—Vendors, hawkers, peddlers of goods, wares and merchandise other than food stuff, meats and provisions shall pay (\$5.00) Five Dollars per week, provided that if any such persons shall desire an annual license, the Mayor may issue such annual license to said persons for the sum of (\$75.00) Seventy-five Dollars.

Third—Vendors, hawkers or peddlers of medicines, druggist sundries or traveling doctors on streets shall pay (\$5.00) Five Dollars per day.

Sec. 3. All persons who shall on the streets or traveling from place to place about the city, sell, barter or offer for sale books, goods, wares or merchandise by retail, shall pay (\$10.00) Ten Dollars per week.

Sec. 4. This ordinance shall not be construed so as to require the owner of any product of his own raising, or the manufacturer of any article manufactured by him, to take out a license to vend or sell in any way by himself or agent any such article or product.

Sec. 5. That nothing in this ordinance contained shall be construed so as to authorize the holder of any license to sell upon or otherwise occupy any public street or public place within the city, so as to obstruct the free use of the same by the public, and it shall be unlawful to place any stand or other apparatus used by peddlers or hawkers upon any street or other public place, and no person by singing, hawking or playing on any musical instrument, or by any other means shall occasion the collection of persons on any street or other public place to hinder any property holder in the ordinary use of the same, except on Main street, between Fourth and Fifth streets, and on Church street, between Third and Fourth streets, and on Second street, between South Park Place and Ohio Canal.

Sec. 6. The Mayor shall keep a record of all such licenses issued by him, specifying the time each license commences, time of duration and the amount paid for the same together with the purpose for which it was granted.

The Mayor may, for good cause, revoke any license granted by him, and shall pay all fees received for licenses into the General Fund of said city.

Sec. 7. That the ordinance passed October 31, 1898, and known as sections 50, 51, 52, 53 and 54 of the revised ordinances of the said City of Newark, published 1901, be and the same are hereby repealed.

Sec. 8. Any person or persons violating any of the provisions of this ordinance shall, upon conviction before the Mayor, be fined in any sum not less than (\$1.00) One Dollar, nor more than (\$500.00) Five Hundred Dollars.

Sec. 9. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed May 2, 1904.

HARRY ROSSEL,
Pres. of Council.
Attest: FRANK T. MAURATH,
Clerk.
Approved by Mayor, May 3, 1904.

AN ORDINANCE

To License Theaters, Concerts, Lectures, Shows or other public exhibitions.

Be it ordained by the Council of the City of Newark, State of Ohio:

Sec. 1. That the Mayor be and he is hereby authorized to grant all licenses applied for by any person for any theater, concert, lecture, show or other public exhibition, upon receiving from said applicant, for the use of said city, the proper fee therefor, and no permission or license shall be granted under this ordinance for a less sum than the following rates, to-wit:

First—For a circus, menagerie or exhibition of wild animals or any other tent show or performance charging Fifty Cents or more for general admission, for each day shown (\$50.00) Fifty Dollars.

Second—For a circus, menagerie or exhibition of wild animals or any other tent show or performance charging Twenty-five Cents admission for each day shown (\$25.00) Twenty-five Dollars.

Third—For a circus, menagerie or exhibition of wild animals or any other tent show or performance charging Ten or Fifteen Cents admission for each day shown (\$15.00) Fifteen Dollars.

Fourth—For all side or separate shows or exhibitions, performing or exhibiting at the time and place of such circus, menagerie or tent show (\$5.00) Five Dollars for each day.

Fifth—For a theatrical performance, musical concert, legerdemain, panorama, diorama, exhibition of any painting or statuary or any natural curiosity, lecture, fairs, and for all other exhibitions or performances for rain or any show not herein mentioned the first day or night (\$5.00) Five Dollars, and for each succeeding day or night (\$3.00) Three Dollars. Provided that for any lectures on scientific, historical or literary subjects, musical parties or concerts, exhibitions or fairs, or any show given by citizens of this city or for benevolent or charitable purposes, no license or permit shall be required, and said license or permit shall be void for what it is granted and the time it is to continue.

Sec. 2. That any person or persons having charge or control, in whole or in part, of any exhibition, or the property or articles thereto belonging of any public theater, concert or public show whatever, other than those excepted in this ordinance, and shall exhibit the same without first obtaining a license therefor, in conformity with the provisions of this ordinance, shall be deemed guilty of an offense, and on conviction thereof before the Mayor, shall be fined in any sum not less than One Dollar nor more than Five Hundred Dollars and costs of prosecution, and in addition to such fine and costs each and every person so found guilty shall forfeit and pay the sum fixed for the licensing of such performance which may be given and exhibited in violation of this ordinance.

Sec. 3. That no person or persons shall act, exhibit, show or perform in, or cause to be acted, exhibited, shown or performed, or in any manner concerned in the acting, exhibiting, showing or performing of any indecent or blasphemous public exhibition, show or entertainment, or performance of any kind whatever, and any person or persons violating any of the provisions of this section, shall, on conviction thereof before the Mayor be fined in any sum not less than One Dollar, nor more than Five Hundred Dollars and costs; and for such violation the Mayor may revoke the permit or license granted for any show or performance mentioned in this ordinance.

Sec. 4. That the Mayor shall, on the application of the owner, lessee or agent of any building or hall situate in said city, issue a permit to such owner, lessee or agent to use such building or hall and to lease the same to others to be used for the purpose of giving therein any of the theatrical performances, concerts, shows, exhibitions or lectures aforesaid for the period of one year from and after the first Monday of September, 1904, and thereafter upon application the Mayor shall annually grant a license; and it shall not be necessary for any person or persons showing, exhibiting or lecturing in any such building or hall during the continuance of the permit aforesaid to make application to the Mayor for a permit so to show, exhibit or lecture, or to pay any sum whatever for the use of the city. Every owner, agent or lessee desiring to take out the annual license upon any such building or hall shall pay an annual license of (\$75.00) Seventy-five Dollars, in two equal installments of (\$37.50) Thirty-seven Dollars and Fifty Cents to be paid on or before the first Monday of September, 1904, and (\$37.50) Thirty-seven Dollars and Fifty Cents on or before the first Monday of January, 1905, and thereafter the same amounts shall be paid on or before the first Monday of said months, each and every year. The annual license must be procured by the first Monday of September, in each and every year, and upon failure to procure said annual license by said date, the other licenses shall be procured at the proper times.

Sec. 5. That the Mayor, in his discretion and on good cause shown, may cancel any license issued by him under this ordinance.

Sec. 6. No person shall by any rude, boisterous or unseemly noise, or by any riotous or disorderly disturbance, interfere with or in any way molest any public show, exhibition or performance, licensed or permitted in conformity with the provisions of this ordinance.

Sec. 7. Any person or persons violating or not complying with any of the provisions of this ordinance, shall, on conviction thereof before the Mayor, be fined in any sum not exceeding Five Hundred Dollars and costs of prosecution.

Sec. 8. That the ordinance providing for the license and regulating same, etc., passed March 4, 1884, and known as sections 258, 259, 260, 261, 262, 263, 264, 265 and 268 of the revised ordinances of the City of Newark, published 1901, be and the same is hereby repealed.

Sec. 9. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed May 2, 1904.

AN ORDINANCE

To License transient dealers, who open stores or places for temporary sale of wares, goods or merchandise.

Be it ordained by the Council of the City of Newark, State of Ohio:

Sec. 1. That the words "transient dealers," for the purposes of this ordinance, shall be construed and held to mean any persons who import goods, wares or merchandise into the corporate limits of said city and open a place or store for the temporary sale thereof in said city, and advertise such sale as an insurance, bankrupt, insolvent, receivers, assignee's, trustee's, executor's, administrator's or closing out sale, or as a sale of such articles damaged by fire, smoke or water, or by the use of any similar terms or phrases. And the word "person" shall for the same purpose be construed to mean and include both owner and agent.

Sec. 2. This ordinance shall not apply to persons selling by sample only, nor to the sale of goods imported from other states or foreign countries and sold in unbroken and original packages, nor to the sale of any agricultural articles or products offered or exposed for sale by the producer.

Sec. 3. No person, being a transient dealer as described in the first section of this ordinance, shall within the limits of said city open a place or store for the sale of goods, wares or merchandise without first obtaining a license from the Mayor of the said city so to do. Be it ordained by the Council of the City of Newark, State of Ohio:

Sec. 1. That section three (3) known as section 228 of the revised ordinances of said city, published 1901, of an ordinance to license and regulate Pawnbrokers be amended so as to read as follows:

"Sec. 3. The Mayor may grant a pawnbrokers' license to any person of good moral character who may apply therefor, when the applicant pays the sum of (\$50.00) Fifty Dollars per annum into the City Treasury of the

rama, diorama, exhibition of any painting or statuary or any natural curiosity, lecture, fairs, and for all other exhibitions or performances for rain or any show not herein mentioned the first day or night (\$5.00) Five Dollars, and for each succeeding day or night (\$3.00) Three Dollars. Provided that for any lectures on scientific, historical or literary subjects, musical parties or concerts, exhibitions or fairs, or any show given by citizens of this city or for benevolent or charitable purposes, no license or permit shall be required, and said license or permit shall be void for what it is granted and the time it is to continue.

Sec. 2. That any person or persons having charge or control, in whole or in part, of any exhibition, or the property or articles thereto belonging of any public theater, concert or public show whatever, other than those excepted in this ordinance, and shall exhibit the same without first obtaining a license therefor, in conformity with the provisions of this ordinance, shall be deemed guilty of an offense, and on conviction thereof before the Mayor, shall be fined in any sum not less than One Dollar nor more than Five Hundred Dollars and costs of prosecution, and in addition to such fine and costs each and every person so found guilty shall forfeit and pay the sum fixed for the licensing of such performance which may be given and exhibited in violation of this ordinance.

Sec. 3. That no person or persons shall act, exhibit, show or perform in, or cause to be acted, exhibited, shown or performed, or in any manner concerned in the acting, exhibiting, showing or performing of any indecent or blasphemous public exhibition, show or entertainment, or performance of any kind whatever, and any person or persons violating any of the provisions of this section, shall, on conviction thereof before the Mayor be fined in any sum not less than One Dollar, nor more than Five Hundred Dollars and costs; and for such violation the Mayor may revoke the permit or license granted for any show or performance mentioned in this ordinance.

Sec. 4. That the Mayor shall, on the application of the owner, lessee or agent of any building or hall situate in said city, issue a permit to such owner, lessee or agent to use such building or hall and to lease the same to others to be used for the purpose of giving therein any of the theatrical performances, concerts, shows, exhibitions or lectures aforesaid for the period of one year from and after the first Monday of September, 1904, and thereafter upon application the Mayor shall annually grant a license; and it shall not be necessary for any person or persons showing, exhibiting or lecturing in any such building or hall during the continuance of the permit aforesaid to make application to the Mayor for a permit so to show, exhibit or lecture, or to pay any sum whatever for the use of the city. Every owner, agent or lessee desiring to take out the annual license upon any such building or hall shall pay an annual license of (\$75.00) Seventy-five Dollars, in two equal installments of (\$37.50) Thirty-seven Dollars and Fifty Cents to be paid on or before the first Monday of September, 1904, and (\$37.50) Thirty-seven Dollars and Fifty Cents on or before the first Monday of January, 1905, and thereafter the same amounts shall be paid on or before the first Monday of said months, each and every year. The annual license must be procured by the first Monday of September, in each and every year, and upon failure to procure said annual license by said date, the other licenses shall be procured at the proper times.

Sec. 5. That the Mayor, in his discretion and on good cause shown, may cancel any license issued by him under this ordinance.

Sec. 6. No person shall by any rude, boisterous or unseemly noise, or by any riotous or disorderly disturbance, interfere with or in any way molest any public show, exhibition or performance, licensed or permitted in conformity with the provisions of this ordinance.

Sec. 7. Any person or persons violating or not complying with any of the provisions of this ordinance, shall, on conviction thereof before the Mayor, be fined in any sum not exceeding Five Hundred Dollars and costs of prosecution.

Sec. 8. That the ordinance providing for the license and regulating same, etc., passed March 4, 1884, and known as sections 258, 259, 260, 261, 262, 263, 264, 265 and 268 of the revised ordinances of the City of Newark, published 1901, be and the same is hereby repealed.

Sec. 9. This ordinance shall take effect and be in force from and after its passage and legal publication.

Insanity, Death or Health?

No. 2307 Locust Street,
St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Harriet O. Best
CHAIRMAN, LADIES OF HONOR, No. 2.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

JUDGE BRISTER

Receives Invitation to Attend an Important Patriotic Celebration in Sutton, Mass.

Judge E. M. P. Brister has received an invitation to attend the Bi-Centennial celebration of the settlement of Sutton, Mass., which will occur May 15th to 17th, inclusive. Sutton is the birthplace of General Rufus Putnam, of the Revolutionary War, who was practically the founder of the State of Ohio.

Newark has the distinction of having two great-grandsons of the great Revolutionary war hero, they being Judge Brister and Rufus Putnam, who moved to Newark from Chillicothe about two weeks ago and resides on Flory avenue.

On Tuesday, May 17th a statue of General Putnam will be unveiled. Addresses will be made by Secretary of War Wm. H. Taft, Senator George F. Hoar of Massachusetts, and Governor John L. Bates of the same state.

CHURCHGOING A LA MODE

Story of a Woman Who Was Something of a Hypocrite.

She regarded her husband with disapproval as she stood putting on her gloves. He was reclining in an easy chair, knee deep in the Sunday papers.

"A pretty way to spend Sunday!" she remarked severely. "What would your mother say if she knew you never went to church?" And she swept out of the house with a swish of silken petticoats and an air of conscious rectitude.

She was late, but fortunately not too late for the opening quartet. She was glad she had not missed that, for the \$20,000 a year choir was considered the finest in the city. After the organ interlude from "Parsifal" she cast her eyes around the church and promptly fell into a reverie something on this order:

"Why, there's Mrs. Smith—and with her husband too! So that report wasn't true after all. And she's made her lace handkerchief into a yoke for her dress. Good idea for my estimate. I wonder who Mrs. Jones is in mourning for. I shouldn't have supposed that broadcloth would dye so well without ripping. I wonder if my white—dear, dear, full skirts are coming in since that imported gown of Mrs. Blank's has one. I shall have to have that remnant made princess then."

By the time the benediction was pronounced she had planned her whole spring wardrobe.

"What was the text?" demanded her renegade husband on her return.

"The text? Oh—ah—um—"

"Ah! What would your mother say if she knew you'd been to church and couldn't repeat the text?" he said, imitating her tone of righteous indignation.

"Well, the text isn't everything one goes to church for," she retorted. "It's for—the beautiful thoughts that come to one during the service."—New York Press.

The Strategem.

"I'll bet you a dollar," said Blake, "that our 'hello girl' hears everything we say over the phone."

"How'll you prove it?" asked his partner.

"I'll show you," answered Blake.

"No. 483," he called. "Hello! Hello! Is this you, Mary? Well, I just wanted to tell you that—central, will you please stop listening?" he broke in, interrupting himself.

"I'm not listening!" answered central indignantly.—Lippincott's Magazine.

Overreached Himself.

"Yes, Merchant's scheme was to display his goods in his window with a lot of mirrors back of them, so that all the women passing would be sure to stop and look in."

"Foxy idea, eh?"

"Yes, but it didn't pan out. None of the women looked at anything but the mirrors." —Philadelphia Public Ledger.

Misunderstood.

Tess—A friend of mine was telling me today of a splendid seashore resort on the Massachusetts coast. I think it's called Medford Beach.

Jess—Oh, I've been there. That was where I caught that big lobster last summer, don't you know?

Tess—No, dear, I hadn't heard. What is his name?—Philadelphia Press.

Up In the Air.

"You were yelling in your sleep last night, pard," said the tall tramp as he emerged from the haystack.

"Yes," yawned his chum. "I dreamed that I was floating around in de sky."

"Why, dat ought to have been a pleasant dream."

"No, I dreamed I was run over by an airship."—Philadelphia Record.

The Two Systems.

"A man chooses his bat by the size," says the teacher, who is trying to instruct the class in the matter of artistic effect. "Now, how does a woman select her hat? What standard does she adopt?"

"The price, mum," answers the little girl in the front seat.

Poor Soul.

"What does he do for a living?"

"Nothing, but it would take a long time to tell you about the hard and dangerous things he does for fun."—Chicago Record-Herald.

OF CANDIDATES**

The Advocate will begin the announcement of names of candidates before the coming Democratic primaries in the daily edition of May 5 and the Semi-Weekly edition of May 6. Terms \$2, payable in advance.

Turn Out to the May Meeting.

The annual May Meeting of the Licking County Democracy has been fixed by the County Central Committee for Saturday, May 14. This was largely done, perhaps, to bring it in ample time to enable the delegates to the State convention to make necessary arrangements for attending it. The time fixed, the 14th, will come on a busy day for the farmers as, owing to the lateness of the season, they will be largely engaged in plowing and planting. We hope, however, that they will not allow this to interfere with their attendance on the May meeting. This year the May meeting will be one of unusual importance, and no Democrat who is deeply interested in the welfare of his party can afford to be absent. This is a National campaign, and questions of national import will probably be brought up at the May meeting. The question of altering the present mode of nominating candidates for our county ticket will also probably be considered at this May meeting, as well as many other matters of special interest. The city Democrats can attend the May meeting one time as well as another, and we specially urge that

they should be present without fail at the May meeting on Saturday, the 14th inst.

IMMORTAL J. N.

Asked Conductor John Doyle to Let Him Get Off at B. & O. Train at Zanesville

The "Immortal J. N." enjoyed a brief ride on B. & O. No. 163, in charge of Conductor John Doyle, of this city Tuesday as the train was leaving Zanesville. Immediately after Conductor Doyle boarded the train J. N. jumped on, exclaiming, "You can't leave me, John."

J. N. laid his valise on the car platform, when some passenger in a jovial mood dropped by the side of the track just before the river bridge was reached. The "Immortal J. N." then approached Conductor Doyle and made the most unusual request, for him, that the train be stopped and he be allowed to get off, which request was granted. "J. N." regained his valise and walked back to the depot. It seems that he was carrying his large sum of money in the valise.

Conductor Doyle said Wednesday that he had not put "J. N." off the train, as the eccentric old man had made no refusal to pay his fare as it had not yet been demanded by the conductor.

SHOW WINDOW

OF T. H. KELLER'S PAWNSHOP WAS BROKEN

And It Was Discovered That Burglars Had Stolen Eight Revolvers Tuesday Night.

One of the show windows of the loan office of T. H. Keller, at 36 South Second street, was broken in at about 12 o'clock Tuesday night and eight revolvers were stolen.

Officer McClure discovered that the plate glass window had been broken in and noticed Mr. Keller at once. On investigation it was found that eight revolvers had been taken. The burglar used a piece of cloth to deaden the sound and a heavy stick of wood to break the glass.

The work was evidently done hurriedly as several valuable rings and watches were left in the window. The cloth and stick of wood were also left.

The identity of the thief is not known.

DENISON

WILL HAVE A MARINE BIOLOGICAL STATION.

Lease For Ten Years Secured on a Valuable Tract on Which Building Will Be Built.

Granville, O., May 4.—A "marine" biological station is the latest acquisition to Denison College.

A small plot of ground belonging to Mr. C. P. Chapin, about a quarter of a mile north of the college buildings, on which is located the famous "Chapin Spring," has been leased to the college for a period of ten years, for the purpose of building a laboratory of experimental biology. The plot of ground will be enclosed with a wire netting, and a small building to be used as a workshop, will be erected. Tanks will also be built, and there will be bred all the fish and other marine animals which will be used in the biological laboratories for experimental purposes. Prof. Her rick will have charge of the station, from which he predicts great things.

On Tuesday evening Miss Harriet Barker, dean of Shepardson College, entertained very delightfully at her sister's home on College street, her Sunday school class, and the young ladies who sit at her table in the dining room.

Miss Myrtle Miller of Newark, who was compelled last week to leave her duties at Shepardson College, on account of illness, has again returned to her work here in college.

Miss Anna Hamilton of Columbus, who has been visiting relatives and friends here for the past two weeks, returned home on Tuesday evening, after having had a very pleasant visit.

"WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution. S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

OHIO RIVER

MAY FURNISH CITIES WITH CHEAP ELECTRIC POWER

Scheme Announced by Cincinnati Man Backed by Prominent Capitalists as Entirely Feasible.

Cincinnati, May 4.—Jesse J. Miller has, after careful investigation covering a period of more than two years, completed data and plans for the harnessing of the Ohio river from Pittsburg to Cairo, for the purpose of supplying every city on the river between those cities with cheap electric light and power.

Among the capitalists and business men who are back of Miller's scheme are: General Michael Ryan, ex City Auditor, H. P. Boyden, E. P. Bradstreet of the Bradstreet commercial agency; John Paul of the Fairmount Brewing company; Wm. O. Klein formerly city electrician; Attorney O. J. Penner and Attorney Albert Bettinger. The plan as outlined by Miller embraces the construction of a system of reservoirs at the headwaters of every tributary of the Ohio, thereby controlling the waters and maintaining a nine-foot stage at all seasons of the year. The system can be constructed at an outlay of \$50,000,000.

BRAZIL AND PERU THREATEN WAR

Rio Janeiro, May 4.—It is rumored that orders have been issued for the mobilization of Brazilian troops, and for the concentration of all the forces in the First Military district at points on the frontier, where Peruvian troops are reported to have crossed into Brazil.

Disquieting incidents, it was announced from Rio Janeiro, April 23, were reported to have occurred on the western frontier of Brazil, where the Peruvian troops in spite of repeated demands had refused to evacuate territory regarded as belonging to Brazil. The territory in dispute includes the Jura and Purue valleys.

"BEAUTIFUL WINONA."

Excursions via Pennsylvania Lines to That Pretty Resort.
With the opening of the season at Winona Lake, May 16, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis courts, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famous personages in the auditorium—whatever the diversion may be, the associations are of that congenial sort concentered by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to F. VAN EUSEN, Chief Assistant General Passenger Agent, Pittsburg, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. C. Vetter's Dyspepsia Remedy

What a Well Known Cleveland Police Officer Says About It.

For fifteen years I took treatment from the best physicians in Cleveland, for dyspepsia and weak stomach, but got only temporary relief. I had to quit tobacco and almost stop eating, and was feeling pretty blue when I began taking Vetter's Dyspepsia Remedy. I took 8 bottles and am completely cured. I eat heartily and use all the tobacco I want. I recommend your medicine to all my friends and will be pleased to have anyone who wishes further information about my remarkable cure to call at my home, 64 Mentor Avenue, Cleveland, S. S.

the only medicine that goes right to the root of the trouble—destroys the microbes which cause dyspepsia—creates a natural appetite and perfect digestion—makes new, rich blood and tones up the system.

NATURAL WHITE OIL

Restores and Beautifies the Hair.

Compounded in nature's own laboratory, 1375 feet below the earth's surface, this wonderful Natural White Oil has marvelous curative properties. It is an unfailing remedy for **BALDNESS, FALLING HAIR, DANDRUFF** and all scalp diseases. It will grow hair on any head unless the roots are utterly destroyed.

FINEST HEAD OF HAIR IN ERIE.

Years ago, my hair began falling out. I consulted in time various experts on the hair and scalp. Under all this treatment the loss of my hair continued. Then I began the use of a number of so-called Hair Restoratives, but all to no avail, by this time you could see the bare top of my head across a room. Luckily for me I began the use of Natural White Oil and to my surprise, after using it one month, my hair ceased falling out entirely. I continued using the Natural White Oil and almost immediately noticed that it was promoting the growth of the hair. I continued its use for six months, by that time my growth of hair covered my entire head. I now have as fine a head of hair, as any man or youth in Erie, Pa. I consider Natural White Oil the most wonderful product for all hair and scalp diseases in the world. I recommend it to all my friends, and also to strangers at every opportunity. For cleansing the scalp of crusts, scales and dandruff and promoting the growth of hair, it has no equal. Yours truly, **LOUIS GARMISH**, Proprietor of Hotel Allen, Erie, Pa.

\$1,000 paid in June

To those who will use a little patience and skill in
Spelling Egg-O-See

These cash prizes will be distributed among those who send in their lists as follows:

To the one sending the greatest variety of spellings.....	\$100.00
To the second sending the greatest variety of spellings.....	75.00
To the third sending the greatest variety of spellings.....	50.00
To the fourth sending the greatest variety of spellings.....	25.00
To the fifth sending the greatest variety of spellings.....	10.00
To the 740 sending the next greatest variety of spellings.....	10.00
Total.....	\$1000.00

The prizes will be awarded immediately after the close of the contest.

The competition is open to all. It is only necessary to spell the word so it could properly be pronounced Egg-O-See, and to send it to the Egg-O-See Co., Quincy, Ill., on or before June 15, 1904. The only other condition being that for each five ways of spelling you must send in one of the little folders, (same as used in the school children's contest) found inside of each package of the food. Be sure to write your name and address plainly. Save the folders as you will need one of them for each five different ways of spelling "Egg-O-See."

Some of the ways you can spell Egg-O-See are as follows: Egg-O-Sea, Egg-O-Cy, Egg-O-Ce, Egg-O-Cie. Save the folders and get your friends to help you and it will be easy to get one of the prizes. We have paid many thousand dollars to the school children of America to familiarize all with the merits of the incomparable food, Egg-O-See, and we are offering these spelling prizes for the same purpose.

Flaked wheat is now recognized as the most healthful, nutritious and delicious of all foods. It only remains for you to select the best. Grocers report now that they are selling practically nothing but Egg-O-See, because it is far and away the best and a large package retails for 10 cents.

ASK YOUR GROCER FOR THE GREEN PACKAGE. If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid. Address all communications to Egg-O-See, Quincy, Ill.

Dr. Theodore Miller was nervous. His nervousness had manifested itself some time before the heavy stone posts of the carriage gateway appeared to view, and all the way along the dusty road it had materially increased. Now, as he stood at the entrance to the Poplars, it had grown to such proportions that he paused in mental irresolution, which bade fair to develop into precipitate flight.

Indeed, so much had his courage ebbed that for several wavering seconds he stood there looking despairingly at the trim driveway before him and casting wistful glances at the dusty road he had just traveled. It was not until he had called himself numerous kinds of a moral coward and a procrastinating idiot, modified by variegated adjectives, that he started reluctantly up the driveway.

"See here, my boys," he observed, involuntarily squaring his shoulders and quickening his steps. "This will never do in the world. You can't put it off any longer, for they leave tomorrow. So be a little man. Go up and get your

coup de grace and go home and console yourself with 'I told you so.' Gad!" he added, with an absurd chuckle. "I believe I shall bolt before I reach the house in spite of myself."

However, with all his qualms and tremors, Miller marched sturdily up the drive. Soon the path turned sharply, and he stood before the colonial house.

On the front porch Miller beheld the head of the house, Colonel John Grew Worth, U. S. A., retired, stretched comfortably in a steamer chair. No one else was in sight. A closer inspection disclosed the fact that Colonel John Grew Worth, U. S. A., retired, slept. The disclosure was brought about by the ears rather than by the eyes, for Colonel Worth had dropped his lower jaw and was sending heavenward a series of grunts and grumbles and snorts which would have done credit to the most enthusiastic sawmill.

Miller mounted the steps and, drawing a chair close beside the sleeping man, sat down. He took no precautions as to noise in these movements, for Colonel Worth, besides being a sound sleeper, was so deaf that nothing short of a charge of dynamite would arouse him. The doctor lighted a cigar and looked thoughtfully across the well kept lawn and the trim shrubs and hedges. He was thinking how glad he was of this moment to collect himself before he saw her.

"Probably make an ass of myself at the best," was his optimistic forecast. "Hee—gurr—r! Hee—gurr—r!"

Miller looked at the portly, bald-headed figure in the steamer chair. A humorous twinkle came into his eyes, and a quiet smile curved the corners of his mouth.

"Hee—gurr—r—ah-h!" the colonel persisted. "It is, indeed," said the doctor in tones of grave acquiescence. "I don't remember when we've had such perfect weather in September as this is. Beautiful air too. Have you noticed how clearly the hills stand out today? Generally, you know, they are nothing but a hazy blue line on the horizon. Cast your eye, if you will, on Rawson's pond over by the woods there. Did you ever see anything finer? The way it shimmers and glints in—why, how rude of me to interrupt!"

Miller broke off suddenly as a species of unusual violence shook the sleeping man. The doctor waited patiently for this to subside, leaning forward with an air of interested attention.

"Oh, yes!" he said at length. "I know the army is going to the dogs, but I wouldn't be so vehement about it if I were you. It won't do a bit of good."

The colonel seemed trying to shake down the porch.

"Really I must protest," said Miller. "You see, I didn't come here to talk about the army with you this afternoon. The fact is, I want to speak to you about about—"

He paused and glanced furtively around.

"Molly," he said, amused at his own temerity in thus alluding to the important Miss Worth.

"Wh—poo—e!" the colonel gurgled. "Yes; I thought you'd be surprised." Miller went on. "No; I shall not ask you for her hand at present—anyway not until I have asked the lady herself, which I intend to do some time this afternoon. In all probability, if I follow out this intention, I shall have to trouble you," he added gloomily.

"Gurr—gurr—gurr—r!" came hoarsely from the colonel.

"Thanks for those cheering words," said Miller. "I wish I felt as sure about it. I think she knows I intend to propose some time. I've been on the point of doing so a number of times before, but something always hindered at the critical time. Once it was a cow, again it was a tree, and another time her shoe became untied."

If the colonel's throaty efforts had been a trifle less violent at that moment Miller might have caught the sound of a subdued titter behind the closed blinds of the library, and a moment later he might have heard the tread of light footsteps on the porch. These were lost to him, however, as he bent over the slumberer with a whimsical expression on his face.

"You've always seemed rather kindly disposed toward me," Miller said, still addressing the somnolent warrior, "and so I'm about to take the liberty of asking you a few questions. I wish you'd answer them without prejudice as man to man. We'll construe your answer thusly: That 'hee—gurr—r' (parody the pronunciation, but those delicate accents are rather elusive) we'll call an affirmative and that 'whir—poo,' which you interpolate once in awhile, we'll call a negative. Dear, dear! How annoying to have you answer so indiscriminately before I've asked the questions!"

"Now, if you were in my shoes wouldn't you think Molly had given you—er—encouragement? Ah, I thought you'd agree with me. But, really, your answer loses force when you repeat it so incessantly."

"No, 2; Knowing this young lady as you do, do you honestly think I'm the sort of man to make her happy?"

"Hee—gurr—r!" It was a perfect imitation of the affirmative snore, but it did not come from the colonel.

Miller turned and found Molly Worth standing behind him. He came out of his chair in an awkward bound. He tried to say something, but he stammered so helplessly that he gave it up and stood staring at her until her face flushed crimson and her eyes fell.

"That was the one that meant 'yes,' wasn't it?" she faltered; then suddenly she found herself in the arms of a young physician, whose power of speech had been restored to him.

Some moments later they remembered the colonel. Miller strode over to the steamer chair and bent over him.

"Do I have your consent, sir?" he inquired, with ridiculous deference.

"Hee—gurr—r—ah-h!" was the benediction of the colonel.

Symptoms of Decay.

"I am afraid you are not so strong as you used to be, John," said a fond wife to her husband. "I think it is about time you were getting some insurance on your life."

"Insurance on my life! What are you talking about? I am as healthy as ever I was. Insurance, indeed!"

"Well, dear, I only mentioned it, you know, out of respect to yourself. I thought you were failing."

"And what in the world put it into your head that I am failing? Me failing? Why, I am as strong as a horse and can run up three flights of stairs without taking a breath."

"Well, that may be so, but I am afraid you are deceiving yourself."

"Deceiving myself! Goodness gracious, woman, what do you mean?"

"Don't be so impatient. What makes me think you are failing is this: When you were courting me you could hold me on your knee for three hours. Now you cannot hold the baby on your lap three minutes."

Relative Strength of Man's Limbs.

As a result of some very interesting experiments made by scientists and physiologists with a view to determining the relative strength of right and left limbs it has been ascertained that over 50 per cent of the men examined had the right arm stronger than the left, 16.4 per cent had the two arms of equal length and strength and 32.7 per cent had the left arm stronger than the right. Of women 45.9 per cent had the right arm stronger than the left and 24.5 per cent had the left stronger than the right. In order to arrive at the average length of limbs fifty skeletons were measured, twenty-five of each sex. Of these twenty-three had the right arm and left leg longer, six the left arm and right leg, while in seventeen cases all the members were more or less equal in length.

Roads and Tires.

In France every member of an army market cart instead of injuring the highway improves it. Many of the tires are ten inches wide. In the four wheeled vehicles of that country the rear axle is fourteen inches longer than the front, and as a result the rear wheels run in a line about an inch outside the level of the front wheel. After a few loaded wagons have passed over a road the highway looks as if a steam roller had been at work. A national law in Germany prescribes that wagons heavily loaded must have tires not less than four inches wide. In Austria the minimum for similar vehicles is six and a half inches and in Switzerland six inches.

MENAGERIE WONDERS

Ringling Brothers Exhibit the Rarest Collection in the World—Other Circus Marvels.

The most extensive and valuable collection of wild animals in the world is the menagerie feature of Ringling Brothers' wonderful circus exhibitions. Among the rare creatures to be seen nowhere else, and rated above price, are two giraffes, the only rhinoceros known to be in captivity, the almost extinct gnu, or horned horse, a perfect specimen of the white polar bear, a real baby elephant born in America, standing no higher than its mother's knee, and the only one ever born and successfully reared in captivity, and a gigantic troop of 40 elephants, the largest herd ever shown under canvas, and twice as many as are with any other show in the world. In this priceless collection of old animal creatures the specimens are all perfect types, and 108 cages, dens and lairs are required to carry them. The big menagerie tent is the largest ever made for a circus, and so big that an army of 5,000 men could be easily maneuvered within its walls.

Naturalists and explorers unqualifiedly pronounce the Ringling Brothers' menagerie the largest and most valuable in existence. Frequently colleges and schools are closed to give students an opportunity to inspect this celebrated wild animal collection. One may practically make a tour of the world in the time devoted to the study of this immense zoological display, and it is safe to say that never again will an opportunity present itself for seeing a great many animals almost extinct.

The horse show with Ringling Brothers is another surprising feature of the wonderful circus, exhibiting 650 superb specimens, 200 of which are performing equines of blue-blood pedigree. The capital invested in this department alone indicates the progressive spirit of this firm, which is world-renowned as proprietors of the most successful circus institution in existence.

This policy is again illustrated this season in the production of a magnificent spectacle, Jerusalem and the Crusades, involving 1,200 characters, a ballet of 200 and a singing chorus of 200, requiring the use of a stage larger than the combined stage space in 100 theatres. More than 2,000 costumes, the design and make of Parisian artists, are employed and the scenes of marching hosts, dancing galaxies, galloping knights, ecclesiastical groupings and swiftly changing dramatic incidents form a spectacular display indescribably fascinating. The music composed for this gorgeous production is rendered by the largest portable grand pipe organ ever built, and a band of 50 selected soloists. The scenic investiture is elaborate and ornate, and the spectacle in its entirety is incomparably the most important and successful historical display ever shown under canvas.

The same policy of enlargement and novelty is to be seen in the ring performances this season. Three hundred and seventy-five of the pick and flower of Europe, America and the Orient in the circus profession are to be found in the huge arena program. Many of the leading artists in the riding, acrobatic and gymnastic numbers have never been seen in this country before, and are celebrated in their foreign homes. This year it takes 35 cars of double length to transport the immense equipment, horses and personal factors. When the circus is completely set up on the show grounds there are 20 pavilions in all.

The street pageant on the morning of show day is the biggest and most varied ever organized. This attraction with Ringling Brothers has always been immeasurably superior to the efforts of all other shows, and this season it is more diversified, replete with novel, sensational and longer than ever before. The great shows will be here one day only, Saturday, May 7, and give two performances, at 2 o'clock and 8 o'clock. Numbered reserved seats and admission tickets can be bought circus day at R. W. Smith's drug store.

It requires five trains of 57 double length cars to transport Ringling Brothers' immense circus from city to city, and these trains are so heavy that two engines are required to pull each of them. If placed end to end these trains would cover over 1,000 miles of track.

SEWERS FOR GRANVILLE

Sewage Plant to be Constructed in Village at Cost of Twenty Thousand Dollars--To be Completed by Next Fall.

Granville, May 4.—Perhaps one of the most important meetings held in Granville since the establishment of the electric light and water plant was that of the regular meeting on Tuesday evening.

At this meeting the all important question of sewage was taken up, and the matter of constructing a thorough up-to-date sewer plant in Granville was talked over.

The fact that Mayor Swartz had recommended in his annual budget that a system of sewage be provided for Granville, and that the matter would probably be taken up on this evening had become pretty well advertised over the country, and the result was that considerable interest was taken in the matter by civil and sanitary engineers. At the meeting Tuesday night two of the best known and most efficient engineers in the country were present, being Mr. Ezra B. Whitman of the firm of Williams

& Whitman, civil and sanitary engineers of New York City, and Mr. H. E. Riggs, of the firm of Riggs & Sherman, civil and consulting engineers of Toledo, O. These gentlemen, for the benefit of the council, made a thorough and complete explanation of the principal systems of sewage in use at the present day in this country. Both these gentlemen, after looking over the ground, strongly recommended the separate or Waring system of sewage as being the only thing to consider for Granville. They were of the opinion that a plant of this kind with proper disposal and everything complete would cost the village of Granville in the neighborhood of \$20,000.

The matter of a location for the disposal bed was also talked over. The general opinion prevailed that the ideal place would be the Sunset gravel bed, just south of the village, and in this connection, Dr. J. L. Gilpatrick made some valuable suggestions.

There are about four miles of streets in Granville to be sewered, and an effort is to be made to have the plant completed before snow flies, or the ground is frozen next winter. An expert engineer will immediately be secured to make the necessary survey of the routes for the system to be put in, and other arrangements will be entered into. The matter of proper sewage for Granville is one of great importance, as it affects the health of the entire community.

At the conclusion of Messrs. Whitman and Riggs' remarks the members of the council were called to order and the business of the meeting was transacted.

Clark Davis called the roll of members, when it was shown that Messrs. Baker, Case, J. D. Jones, J. M. Jones and Hildreth were present, with Mayor John M. Swartz in the chair.

The minutes of the preceding meeting were read by the clerk, which were approved.

The auditing committee composed of Messrs. T. G. Baker and D. L. Davis, appointed to audit the books and vouchers of the secretary of the corporation, the secretary of the water works and electric light department, and treasurer of the corporation, made his report, which was received and placed on file.

The ordinance entitled "An ordinance granting certain privileges and

rights to S. M. Winn as trustee, etc.," was read the second time. This is the ordinance whereby the Granville electric light company seeks to have the ordinance requiring the light company to furnish free gas for the water works plant repealed.

Mr. Case moved that the street commissioner be empowered to make a contract for the sprinkling of Broadway from east corporation line to the west corporation line of the village, for five months and a half, beginning on the 15th of May, at a cost not to exceed \$3 per day. The party entering into the contract will also be required to sprinkle such portion of Main street as the street commissioner may direct.

Upon motion the two members of the auditing committee were each allowed \$5.

Upon motion council adjourned to meet again on Wednesday night for the further discussion of the sewer question.

A. R. PITZER

Is Engaged in Laying Out a Plat of Lots Just West of Newark.

Mr. A. R. Pitzer is engaged in doing the engineering work of laying out the large allotment of the Taylor Land and Improvement Company between Sixteenth street and the Encampment grounds. This enterprising company has secured this beautiful tract of thirty acres and are laying out broad streets and large liberal lots. The streets are to be graded, and there are to be two rows of trees set out along each side of each street. Drive wells of the finest water can be had at an expense of five to six dollars, on all parts of this land, and can be had on a day's notice. It is only a few minutes walk from the Newark and Granville street railway company's line, and is one of the most beautiful and desirable locations about the city. Its elevation is such that a fine view is had from all parts of it over the city and all the surrounding country. It has pure air, is free from smoke and malaria. No more healthful or desirable location can be found, and as the trend of the city is westward, we bespeak for this enterprising company a quick sale and a rapid and sure advance in value to the purchaser. We understand that these lots are to be offered on the market in the near future at most advantageous terms and prices. Any person wishing a home will do well to watch this sale and take advantage of it.

BUZZ SAW

CAME IN CONTACT WITH YOUNG ROACH'S HEAD

And Inflicted a Frightful Wound Which May Cause the Young Man's Death.

Zanesville, O., May 4.—Only through presence of mind and exertion of an unusual will power did Philip Roach, aged 19 years, of Roseville, escape accidental death by sawing out his own brains Tuesday morning at Thrapp's crate factory, at Lehigh, one mile east of Roseville. Even now the outcome of his injuries is uncertain. Barring any septic complications, however, his recovery is expected. It will take two or three days to tell the result.

Young Roach stooped to get a piece of wood from under the rip saw. He miscalculated the position of the saw, and his head came in contact with it. A five-inch wound, which laid open his head, to the bone, extends from his forehead to the back of his head, as the result.

At first it was thought that Roach had sawed the entire upper portion off his head. Dr. Buchanan was summoned and Roach was removed to his boarding house in Roseville. The victim of the unusual accident only came to Roseville a few months ago from West Virginia.

Dr. Buchanan said Tuesday evening that his patient would recover unless poison complications set in.

THE DAUGHTER OF PROF. RENO OF ELWOOD, IND., RESTORED TO HEALTH BY VINOL.

Mrs. Reno's Letter and Advice to Mothers, Published by Request of Mr. Hall.

Mrs. Reno says: "Our daughter Marion, was troubled with indigestion; and she became fretful, could not sleep at night, lost flesh, and we feared that we should lose her. We tried different doctors, and many kinds of medicines, with no apparent success, until we tried Vinol. Two bottles cured our little daughter; she can eat anything, sleeps well and has gained flesh. We think it is the best medicine in the world for children. I advise every mother who has an ailing child to try Vinol. I know nothing equals it, and it tastes so good there is no trouble in getting children to take it."

A reporter of The Advocate asked Mr. Hall, of this city, who is selling so much Vinol, regarding it. Mr. Hall assured the writer that this is only one of a great many such cases that are

constantly coming to his attention where Vinol has actually saved the lives of children when all else had failed.

"You know, of course," said Mr. Hall, "Vinol is not a patent medicine, and it contains all the medicinal, curative elements of cod liver oil, with out the nauseating oil; it is delicious to take, and will make rich pure, red blood, sound flesh and muscle tissue, and create strength and health more surely and quickly than anything we have ever sold in our store."

"In the strongest manner we unhesitatingly endorse and guarantee Vinol to increase the appetite, cure stomach trouble, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or will return to the purchaser every dollar paid for it. I just wish every mother in Newark, who has a sick, puny or ailing child, would try Vinol on our guarantee." Frank D. Hall, druggist.

Runaway Not Serious

The horse driven by Arthur Vanatta to the delivery wagon of C. L. Vanatta, became frightened on Western avenue and ran off. When the junction of Eighth street was reached the wagon struck a telephone pole, young Vanatta being thrown to the ground and slightly injured. The horse ran up Church street until the Vanatta grocery was reached, where he stopped.

Conductor J. Shaugnessy, who has been laying off for a few trips, has returned to work.

The coal strike in southeastern Ohio is expected to have a serious effect on freight business on the various railroads. It is understood that several train crews will be released pending the settlement of the difficulty. It is also said that the B. & O. helpers at Norwich and Elgin will be dispensed with.

One of the most interesting pieces of freight passing through the city for some time was a perfect miniature locomotive, about four feet high, which passed through Monday. The "baby" locomotive will be used in a coal mine. It attracted a great deal of interest among the railroad men, who declared it a mechanical marvel of completeness.

B. & O. Engineer Hasley made a fast freight run to Columbus. He made the run in 58 minutes.

B. & O. Engineer A. J. Ellerman has returned home from his Zanesville trip.

AMUSEMENTS

The Cutter & Williams Stock company pleased a fair sized audience at the Auditorium Tuesday night with a presentation of a sensational melodrama entitled "In the Rogue's Gallery."

Tonight will be presented a great dramatization of Stevenson's psychological novel, "Dr. Jekyll and Mr. Hyde."

Mr. Hartigan, who has done consistently good work the past two nights, will be seen tonight in a character in which he became famous, and the management assure all who attend that they will see the best production of this play that has ever been given in Newark.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germ, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."
